I object (not in agreement) to the above filing because non-uninformed retirees are being strongly treated unjustly by this action. The plan and negotiations do not have the best interest of all retirees.

It is unfair to expect the retirees to take excessive pay cuts (pension check) and pay outrageous medical premium and out of pocket cost so that the City can balance the books. Book that has been out of balance for years due to poor and illegal accounting and bad financial decision by mayors and city councils members. This plan will be a hardship on the retirees and citizen of Detroit.

I believe there are other solutions to rid the City of it financial burden without cause an undeserving hardship upon all the retirees.
